Board Secretary: Jen Bartholomew

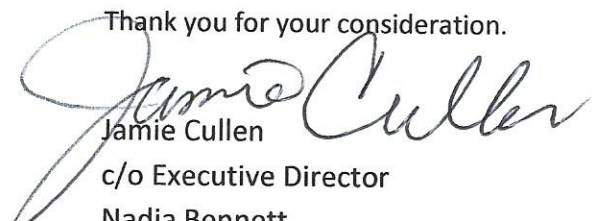

Dear Board Members,

College Achieve Central Charter Schools wishes to upgrade the existing school signage at 107 Westervelt Ave. We submit for your review:

- 1 Upgrading two existing 54" x 36" signs by replacing the sign faces. The existing signs are 54" x 36" on plywood with 12" x 12" x 76" brick columns serving as post. We will replace the plywood signs with polycarbonate or vinyl faces in an aluminum frame mounted in the existing brick columns.
2. Installing Two new 84" Round Internally illuminated box signs the faces will be polycarbonate and the frames will be fabricated from aluminum.

The signs will include our new logo and lettering will be as shown in the mockups attached as a google docs slide presentation.

Thank you for your consideration.

Jamie Cullen
